How did you hear about the BWPA

NB. Under 25 in full time education and over 80 pay at under 18 rate

The British Women Pilots' Association keeps the details you give us about yourself in a database and uses these details to provide flying-related statistics about women pilots to researchers upon request. No details about any particular individual are revealed to any person or organisation outside of the BWPA.

In order to bring members together for flying and enable the regional leaders to introduce themselves to new members and invite them to the local events, we periodically send a membership List to each current participating member.

If you wish to be EXCLUDED from this list please tick the box .
