WAI REGIONAL EUROPEAN CONFERENCE

BROOKLANDS MUSEUM, SURREY

FRIDAY 5TH – SATURDAY 6TH NOVEMBER

London is Lovely in the Autumn

Join other WAI members for the WAI Regional European Conference in beautiful Surrey, England, just outside of London, this November 5-6 for a conference you'll remember as being just plain supersonic! WAI President Dr. Peggy Chabrian and Executive Board member Jane Middleton have worked tirelessly with volunteers from our Southern England and Box D Chapters to put together an exciting two days of events that will include the opportunity to sit on an operational British Airways Concorde whilst former Captain Mike Bannister narrates your virtual "flight."

A few lucky raffle winners could even take a ride in the Concorde Flight Simulator later that day. Other speakers include Captain Suzanna Darcy-Hennemann, world-record setter; Gabriella Somerville, Managing Director ConnectJets; Lt. Col. Jennifer Crossman, USAF KC-135 pilot; and Dominique Brown, Chief Operating Officer, Quick International Courier.

Come discover more about what the business of flight test development, commercial, military and corporate aviation is about, and how women are thriving at all levels, all over the world, through WAI's extensive networking and mentoring system. Meet aviation enthusiasts and professionals from all over the world, all while enjoying the extensive collection of artefacts at the Brooklands Museum.

Register for the WAI European Conference today at: www.wai.org/10regionaluk
